

SWP-WebMonitor

Subsahara-Afrika

Nr. 29/2024

SWP-Informationsservices

Jürgen Rogalski, 03.05.2024

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

> Ruanda / Burundi / Kenia

Forgetting Atrocity in East Africa

Andrea Purdeková

"... In Rwanda, the 1994 genocide is intensively memorialized, yet violence committed by the ruling party is not part of the official history. In Burundi, a power-sharing deal to end a civil war led to the erasure of memory through deliberate neglect. In Kenya, sites of terrorist violence have been fortified and reopened in the name of resilience—a form of triumphalist amnesia. Yet in each country, citizens practice informal varieties of commemoration. ..."

Contested Mobility Norms in Africa - Reconciling Visions, Policies and Practice

Amanda Bisong, Franzisca Zanker

"By analysing what mobility norms are prevalent in the African context (acknowledging its diversity), this report aims to shed some light on the complexity of policy-making in this field. The goal of a better understanding is to promote improved cooperation on migration partnerships between African and European partners ..."

Solar Power and the Struggle for Electrification in Africa

Nathanael Ojong

"Off-grid solar technologies have emerged as one of the remedies to Africa's severe lack of access to electricity. Evidence from Ghana, Malawi, Tanzania, and Kenya suggests that these systems positively affect income generation, education, health, and safety and security. ..."
