Nahost/Nordafrika

Nr. 21/2024

SWP-Informationsservices

Jürgen Rogalski, 05.04.2024

Der SWP-WebMonitor Nahost/Nordafrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

Purification of the Higher Education System and Jihad of Knowledge in Iran

Sara Bazoobandi

"For decades, the Iranian government has pursued strategies to ideologically "purify" higher education. To this end, academic staff and students have been purged or expelled for expressing dissent, and academic content has undergone revisions. This paper reviews how purification strategies in

higher education have formed over time and describes how they serve the government's agenda at home and abroad. ..."

EU Fiscal Support for North African States Raises Risk of Migration Blackmail

Sara Nowacka

"The 17 March agreement that raised the status of the EU-Egypt partnership is yet another one consolidating the central importance of migration in the Union's policy towards its Southern Neighbourhood. However, like with previous arrangements with Tunisia and other states, it does not provide tools to enforce economic reforms to reduce Egypt's dependence on external funding. It also does not address repression by the state, which weakens the Union's status as a protector of human rights. ..."
