## Nahost/Nordafrika

Nr. 31/2022

### SWP-Informationsservices

Jürgen Rogalski, 10.06.2022

*Der SWP-WebMonitor Nahost/Nordafrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.*

The UN Human Rights Council's Commission of Inquiry on the Situation in Israel, the West Bank, and Gaza - Press Statement

"... we firmly oppose the open-ended and vaguely defined nature of the UN Human Rights Council's (HRC) Commission of Inquiry (COI) on the situation in Israel, the West Bank, and Gaza, which represents a one-sided, biased approach that does nothing to advance the prospects for peace. The report of the Commission, released today, does nothing to alleviate our concerns. ..."

Aleksandra Dier, Gretchen Baldwin

"Violent extremist and terrorist groups across the ideological spectrum exploit masculinities in their efforts to recruit and retain members. For example, many so-called "Islamist" violent extremists use a sense of victimization by the state, expectations around masculine roles, pushback against changing gender roles, and idealization of warrior masculinities to drive recruitment, retention, and broader strategic decisions. This may involve constructing masculinities based on violence and the subjugation of women or the protection of the Islamic community from outside "villains." ..."
