Nahost/Nordafrika

Nr. 65/2022

SWP-Informationsservices

Jürgen Rogalski, 11.11.2022

Der SWP-WebMonitor Nahost/Nordafrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

On the Course toward a Jewish-Palestinian One-State Reality

Udi Dekel, Noy Shalev

"With the results of the recent Knesset elections, it appears that the idea of a two-state solution to resolve the Israeli-Palestinian conflict will disappear from the official Israeli agenda, even though this entails public and political oblivion to the slide toward a one-state reality. What will a one-state reality look like, and how can the risk of a bilateral state be prevented, especially given that most of the public fears this scenario and is eager to preserve Israel's underlying values as a Jewish, democratic, and secure state? ..."

Gateway to dissent: the role of pro-Palestine activism in opposition to authoritarianism
