

SWP-WebMonitor

Subsahara-Afrika

Nr. 25/2026

SWP-Informations- und Datenmanagement

Jürgen Rogalski, 01.04.2026

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

Threats to effective governance: The role of military coups and countercoups in Nigeria

Dhikru Adewale Yagboyaju

„Military coups and countercoups are regarded by scholars as impediments to effective governance. Drawing inferences from the Sani Abacha military regime (1993–1998), and the Olusegun Obasanjo civilian administration (1999–2007) in Nigeria, this paper argues that the triggers and drivers of coups are driven by the factors that impede the security, livelihoods, and fundamental freedoms of the citizenry. ...”
