

SWP-WebMonitor

Subsahara-Afrika

Nr. 26/2023

SWP-Informationsservices

Jürgen Rogalski, 09.05.2023

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

Inhaltsverzeichnis

It will take a global village to find cures for global pandemics: the Ubuntu perspective

Aminu Mamman, Motolani Agbebi & Mohamed Branine

"... we explore how African philosophy of Ubuntu can offer another rationality in developing solidarity during pandemics. We propose an analytical tool to assess how nation-states might react when called to display solidarity during pandemics and how the international community can bring them on board."

In: Third World Quarterly, Volume 44, Issue 3 (03.2023), S. 423-441.
