

SWP-WebMonitor

Subsahara-Afrika

Nr. 31/2022

SWP-Informationsservices

Jürgen Rogalski, 10.06.2022

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

Masculinities and Violent Extremism

Aleksandra Dier, Gretchen Baldwin

"Violent extremist and terrorist groups across the ideological spectrum exploit masculinities in their efforts to recruit and retain members. For example, many so-called "Islamist" violent extremists use a sense of victimization by the state, expectations around masculine roles, pushback against changing gender roles, and idealization of warrior masculinities to drive recruitment, retention, and broader strategic decisions. This may involve constructing masculinities based on violence and the subjugation of women or the protection of the Islamic community from outside "villains." ..."
