

SWP-WebMonitor

Subsahara-Afrika

Nr. 32/2022

SWP-Informationsservices

Jürgen Rogalski, 15.06.2022

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

Morocco counters Russia's weaponization of the food-energy nexus

Michaël Tanchum

"... Morocco's role in countering the weaponization of the food crisis points to the kingdom's increasingly strategic role in Sub-Saharan Africa's food security. ... Investing a total of \$6.3 billion to construct fertilizer plants in sub-Saharan Africa, Morocco has shown remarkable strategic foresight. In helping to counter the Russian threat of weaponizing the food-energy nexus, Rabat is demonstrating its increasing importance for Europe and the United State as geopolitical partner in Sub-Saharan Africa. ..."
