

SWP-WebMonitor

Subsahara-Afrika

Nr. 45/2022

SWP-Informationsservices

Jürgen Rogalski, 29.07.2022

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

The West's struggle in Sudan

Anette Hoffmann

"... argues that, by holding on to a transition that has ceased to exist, Western governments have helped consolidate the coup. To counter that course Western donor governments are well advised to 1) increase economic and diplomatic pressure on the coup regime, 2) strengthen the civil society that opposes the coup, and 3) safeguard aid against diversion and political manipulation."

Clingendael, 07.2022, 17 S.

Examining the effectiveness of the EU security-development strategy in tackling instability in the Sahel: The case for an alternative strategy?

Norman Sempijja & Ekeminiabasi Eyita-Okon

" The G5 Sahel (Mauritania, Niger, Burkina Faso, Mali and Chad) was formed to counter terrorist group insurgencies within its member states. European Union involvement in this effort has revolved around enhancing political dialogue and peacebuilding strategies, but challenges persist, especially the threat of separatist movements combining forces with Islamic terrorist groups. The study explores the effectiveness of EU strategies in combatting instability in the Sahel region. ..."
