Subsahara-Afrika

Nr. 58/2021

SWP-Informationsservices

Jürgen Rogalski, 09.09.2021

Der SWP-WebMonitor Subsahara-Afrika ist ein unentgeltliches, kompaktes Informationsprodukt mit ausgewählten Hinweisen auf aktuelle Stellungnahmen, Dokumente und Analysen zu allen (außen-) politisch relevanten Fragen und Entwicklungen der Region. Bei allen Titeln gibt es einen Link, meistens direkt zum Volltext. Grundlage der Erstellung ist ein überwiegend festgelegtes Set an Quellen: Webseiten, Blogs, Zeitschriften etc. Der Auswahl-Fokus liegt neben Dokumenten auf wissenschaftlichen bzw. wissenschaftlich basierten Beiträgen. Neben Titeln mit konkretem Länder- bzw. Regionalbezug werden auch solche berücksichtigt, deren Thematik relevant ist für die Region. Der WebMonitor wird i.d.R. ein- bis zweimal wöchentlich erstellt, nicht aber bei Abwesenheit des Bearbeiters.

Invisibility in African displacements: From structural marginalization to strategies of avoidance

Bjarnesen, Jesper; Turner, Simon (eds.)

"African migrants have become increasingly demonised in public debate and political rhetoric.

There is much speculation about the incentives and trajectories of Africans on the move, and often these speculations are implicitly or overtly geared towards discouraging and policing their movements. What is rarely understood or scrutinised however, are the intricate ways in which African migrants are marginalised and excluded from public discourse; not only in Europe but in migrant-receiving contexts across the globe. ..."
